3P Technik

Item #9000370-5-7

Item #9000370

Item #9000375

Item #9000377

Unlike a typical rain barrel the 3P Technik Maurano Rainwater Tank has an authentic stone wall effect appearance. It holds a impressive capacity of 80 gal. of rainwater. The water is fed through a side inlet - 3P Technik Filter Collector recommended for filtrated supply of water. Perfect for decks, patio and decorative environments. Price includes a custom brass or chrome tap. Rain Harvest with style, large capacity with removable top for cleaning.

- Stone wall effect decoration
- Includes spigot
- German made, high quality construction
- UV protection from sunlight
- Links to other barrels/tanks for increased capacity
